**RESPONSIBLE PERSON'S DECLARATION STATEMENT**

I certify the following under penalty of perjury, under the laws of the State of California:

1. The information provided on this Certificate of Verification is true and correct.
2. I am the certified **HERSECC** Rater who performed the verification identified and reported on this Certificate of Verification (responsible rater).
3. I field inspected the existing building features, materials, components, manufactured devices, or system performance characteristics proposed for compliance credit for energy efficiency improvement identified on this Certificate of Verification and determined these existing building features, materials, components, manufactured devices, or system performance characteristics qualify for the proposed existing conditions compliance credit unless reported as not qualified in verification status and correction notes fields on this Certificate of Verification.
4. I understand that a registered copy of this Certificate of Verification shall be posted, or made available with the building permit(s) issued for the building, and made available to the enforcement agency for all applicable inspections, and I will take the necessary steps to ensure this requirement is accomplished.
5. I understand that a registered copy of this Certificate of Verification is required to be included with the documentation the builder provides to the building owner at occupancy, and I will take the necessary steps to ensure this requirement is accomplished.

**LMCV-EXC-20-H User Instructions**

**A. General Information**

Rater should verify this information to the best of their ability. Any questions or deviations should be indicated in the Verification Status row.

**B. Opaque Surfaces**

Existing roof type, R-value above deck, and R-value below deck should all be verified.

**C. Roofs**

Existing dwelling unit, frame type, area, U-factor, and R-values should all be verified.

**D. Windows**

Existing dwelling unit, surface type, frame type, area, u-factor, and R-values should all be verified.

**E. Doors**

Existing wall type, frame type, area, U-factor, and R-values should all be verified.

**F. Overhangs & Fins**

All columns of this section should be verified.

**G. Water Heaters**

All columns of this section should be verified.

**H. Water Heating**

All columns of this section should be verified.

**I. HVAC – Heating Systems**

All columns of this section should be verified.

**J. HVAC – Cooling Systems**

All columns of this section should be verified.

**K. HVAC Distribution**

All columns of this section should be verified

**L. Indoor Air Quality (IAQ) Fans**

All columns of this section should be verified.

**Documentation Declaration Statements**

1. The person who prepared the CF3R will sign and complete the fields for their name, company (if applicable), address, phone number, certification information (if applicable), date and signature.
2. The person who is assuming responsibility for the project being built to comply with Title 24, Part 6, will complete the fields (if applicable) for their company, responsible builder or installer name, CSLB license number, sample group number, dwelling test status in sample group, ECC Rater company name, ECC Rater name, ECC Rater signature, ECC Rater certification number and date signed.
