

RB V2025.0.000 – Change logs
Single Family
2/10/2025

General revised on all CF1R/CF2R/CF3R

- Revised “HERS” to “ECC”
- Revised in mockup footer – “Residential Compliance” to “**Single Family Compliance**”
- Revised the year in mockup footer – “2022” to “**2025**”
- Please note that we have updated the top section of the form’s layout to comply with ADA requirements. All heading and note text have been moved out of the table. There will be no changes to the report generator layout.

CF1R	
CF1R-ADD-01-E	Section A: • A06 – revised pseudo code fixed value • A08 – revised pseudo code, fixed value • A11 – revised pseudo code, fixed value Section B: • revised section’s name - Opaque Surface Details – Framed (Section 150.2(a) and 150.1(c)1) • revised top pseudo code, remove “but entry is optional” • B02 – revised pseudo code: ○ Added – “or Attic” • B04 – revised pseudo code: ○ Added – “else value = NA” • B08 and B09 – Deleted • B10 – revised field number to B08 • B11 – revised field number to B09 Section C: • revised section’s name - Opaque Surface Details – Nonframed • revised top pseudo code, remove “but entry is optional” • C08 and C09 – Deleted • C10 – revised field number to C08 • C11 – revised field number to C09 Section D: • revised section’s name “Opaque Surface Details – Masonry/Mass Walls (Section 150.1(c)1Bii)” • revised top pseudo code, remove “but entry is optional” • D03 - revised field name to “Masonry/Mass Type” • D04 - revised field name to “Masonry/ Mass Thickness (inches)” • D05, D06, D11 and D12 – Deleted • D07, D08, D09, D10, D13, D14, D15, D16 – revised field numbers to D05, D06, D07, D08, D09, D10, D11 and D12 Section F: • revised top pseudo code, remove “but entry is optional” • bottom note - revised the static text (see the mockup) • F01 – revised pseudo code ○ Removed option “if No is selected, display ‘Do NOT PROCEED’” Section G: • revised top pseudo code, remove “but entry is optional” • bottom note - revised the static text (see the mockup) Section H: • H06, H07, H08 and H09 – revised pseudo code

CF1R	
	Section I: • bottom note - revised the static text (see the mockup) • I11, I12, I14, I24, I30, I31 and I32– revised pseudo code Section L • added pseudo code to the top of the section • bottom note - revised the static text (see the mockup) • L02 and L07 – Deleted • L03, L04, L05, L06, L08 and L09 – revised field numbers to L02, L03, L04, L05, L06 and L07 • L02 – revised pseudo code • L03 – revised pseudo code • L05 – revised pseudo code Section M: • M02 – revised pseudo code
CF1R-ALT-01-E	Section A: • bottom note - revised the static text (see the mockup) • A06 – revised pseudo code, fixed value • A08 – revised pseudo code, fixed value • A11 – revised pseudo code, fixed value • A13 – revised pseudo code: removed “Adding Fenestration/Glazing ≤ 75 ft² Windows” Section B: • Revised section’s name - Opaque Surface Details – Framed (Section 150.2(a)) • B02 – revised pseudo code: ◦ Added – “or Attic” • B04 – revised pseudo code: • Added – “else value = NA” • B05 – revised pseudo code: ◦ Added – “else value = NA” • B08 and B09 – Deleted • B10 – revised field number to B08 • B11 – revised field number to B09 Section C: • Revised section’s name – “Opaque Surface Details – Nonframed” • C08 and C09 – Deleted • C10 – revised field number to C08 • C11 – revised field number to C09 Section D: • revised section - “Opaque Surface Details – Masonry/Mass Walls (Section 150.1(c)1Bii)” • D03 - Revised field name to “Masonry/Mass Type” • D04 - Revised field name to “Masonry/ Mass Thickness (inches)” • D05, D06, D11 and D12 – Deleted • D07, D08, D09, D10, D13, D14, D15, D16 – revised field numbers to D05, D06, D07, D08, D09, D10, D11 and D12 Section E: • revised the reference for the section’s name (Section 150.2(b)1I) Section F: • revised the reference for the section’s name (Section 150.2(b)1A) • top options - revised pseudo code: removed “Adding Fenestration/Glazing ≤ 75 ft² Windows” • F01 – revised pseudo code: ◦ removed “Fen./Glazing ≤ 75 ft² Windows” • F04 – revised field number to F04a and F04b • F05 – revised field number to F05a and F05b, revised pseudo code in each field

CF1R	
	- F06 – revised field number to F05a and F05b, revised pseudo code in each field Section G: - G22 – revised pseudo code - G25 – revised pseudo code - G28 – revised pseudo code - G31 – revised pseudo code Section H: - H20 – revised pseudo code - H23 – revised pseudo code - H26 – revised pseudo code - H29 – revised pseudo code Section I: - Renamed Section letter from H1 to I Section J: - Renamed Section letter from I to J Section K: - bottom note - revised the static text (see the mockup) K03 and K06 – Deleted - K04, K05, K07 and K08 – revised field numbers to K03, K04, K05 and K06 K03 – revised pseudo code K04 – revised pseudo code K05 – revised pseudo code
CF1R-ALT-02-E	Section A: - A04 – revised pseudo code Section B - B10 – revised pseudocode, replace HERS with ECC - Logic Table – revised table’s name, replace HERS with ECC Section D: - Bottom note - Removed second exception - D05 – revised pseudo code - D06 – revised pseudo code - D09 – revised pseudo code - D10 – revised field name, removed SEER and revised pseudo code - D10b – revised field name, removed EER and revised pseudo code Section E: - Bottom note - Revised static text - E05 – revised pseudo code - E06 – revised pseudo code - E09 – revised pseudo code - E10 – revised field name, removed SEER and revised pseudo code - E10b – revised field name, removed EER and revised pseudo code Section F: - Bottom note - Revised static text - F05 – revised pseudo code - F06 – revised pseudo code - F09 – revised pseudo code - F10 – revised field name, removed SEER and revised pseudo code - F10b – revised field name, removed EER and revised pseudo code
CF1R-ENV-02-E	No changes
CF1R-ENV-03-E	- Updates to user instruction - Update nfrc link
CF1R-ENV-04-E	No changes

CF1R	
CF1R-ENV-05-E	No changes
CF1R-ENV-06-E	Section A: - revised section's name - "Masonry/Mass Walls (Section 150.1(c)1Bii)" A06 and A07 - Deleted - A08 – revised field numbers to A06 Section B: B06 and B07 - Deleted - B08 and B09– revised field numbers to B06 and B07 Section C: - C03 - revised pseudo code - revised pseudo code - C04 - revised pseudo code - revised pseudo code
CF1R-NCB-01-E	Section A: - A06 – revised pseudo code, fixed value - A08 – revised pseudo code, fixed value - A11 – revised pseudo code, fixed value - A14 – revised pseudo code: added new exception – "Conditioned floor area less than or equal 500 square feet (ft2); apply only to A08=05" Section B: - revised section's name - Opaque Surface Details – Framed Floor (Section150.1(c)1) B08 and B09 – Deleted - B11 – revised field number to B09, revised pseudo code - B12 – revised field number to B10 Section C: - revised section's name - Opaque Surface Details – Nonframed Floor (Section150.1(c)1) C07 and C08 – Deleted - C09 – revised field number to C07, revised pseudo code - C10 – revised field number to C08 Section D: - revised section's name - "Opaque Surface Details – Masonry/Mass Walls (Section 150.1(c)1Bii)" - D03 - revised field name to "Masonry/Mass Type" - D04 - revised field name to "Masonry/ Mass Thickness (inches)" D05, D06, D11 and D12 – Deleted - D07, D08, D09, D10, D13, D14, D15, D16 – revised field numbers to D05, D06, D07, D08, D09, D10, D11 and D12 Section F: - Bottom note - revised static text (see the mockup) - F01 – revised pseudo code: Removed "option A" from the list F02 – New field "Configuration", added to the section F - F02 – revised field number to F03 - F03 – revised field number to F04 - F04 – revised field number to F05 - F05 – revised field number to F06 - revised pseudo code - F06 – revised field number to F07 - Added F02 = ventilated attic - A09 = 2-7 - F07 – revised field number to F08 - F08 – revised filed number to F09 Section G: - Bottom note - revised static text (see the mockup) Section I:

CF1R	
	• I03 – revised pseudo code • I04 – revised pseudo code • I05 – revised pseudo code Section J: • Bottom note - revised static text (see the mockup) Section K: • Bottom note - revised static text (see the mockup) • K02 – revised pseudo code • K05 – revised pseudo code • K06 – revised pseudo code • K07 – removed “SEER” from the field name • K07b – removed “EER” from the field name • K09 – revised pseudo code Section L: • L06 – revised pseudo code Section M • Bottom note - revised static text (see the mockup) • M02 and M07 – Deleted • M03, M04, M05, M06, M08, M09 and M10 – revised field numbers to M02, M03, M04, M05, M06, M07 and M08 • M02 – revised pseudo code • M04 – revised pseudo code • M05 – revised pseudo code • M06 – revised pseudo code • M07 – revised pseudo code • M08 – revised pseudo code Section N • Bottom note - revised static text (see the mockup) • N04 – revised the field name to “Minimum PV Size from Equation 150.1-C” ○ revised pseudo code • N06 – revised the field name to “Adjusted PV System Size from Exception” ○ revised pseudo code • N07 – New field “Access Roof Area (SARA)” ○ revised pseudo code • N08 – New field “Roof Slope Type” ○ revised pseudo code • N09 – New field “Adjusted PV System Size” ○ revised pseudo code • N07 – revised to revised field number to N10 “comment” Section O • O02 – revised pseudo code Section P • revised section’s name – replaced HERS with ECC • revised the static text (see the mockup) • Added a new Verification – “Ventilation System Fault Indicator Display (FID) – Section 150.1 (c)15”
CF1R-PLB-01	deleted

CF2R	
CF2R-ELC-01-E	Section A: - revised pseudo code – revised first option, “Battery Energy Storage System Ready” Section B: - revised section’s name – “Battery Energy Storage System (BESS) Ready” - B01, B02 and B04 - revised the static text A05 – New
CF2R-ENV-01-E	Section A Top note - revised static text (see the mockup)
CF2R-ENV-03-E	Section C - revised section’s name – “Masonry/Mass Insulation” Section G - G02 – revised the reference “110.8(b)2” - G06 – revised the static text “U-0.095” - G07 – revised the static text “U-0.069” - G08 – revised the static text
CF2R-ENV-04-E	Section F F08 – revised the static text
CF2R-ENV-21-H	No changes
CF2R-ENV-22-H	No Changes
CF2R-LTG-01-E	Section A A02 – Deleted - A03 – revised field numbers to A02 - A04 – revised field numbers to A03; revised filed name - A05 – revised field numbers to A04 - A06 – revised field numbers to A05; revised filed name - A07 – revised field numbers to A06; revised filed name - A08 – revised field numbers to A07; revised filed name - A09 - revised field numbers to A08 - A10 – revised field numbers to A09; revised filed name A11 – deleted - A11 – revised field numbers to A10; revised Section label to G - A12 – revised field numbers to A11; revised Section label to H - A13 – revised field numbers to A12; revised Section label to I - A14 – revised field numbers to A13; revised Section label to J Section G – deleted Section H – revised section label to G Section I – revised section label to H Section J – revised section label to I Section K – revised section label to J
CF2R-MCH-01a-E	Section A - A06 – revised pseudo code, add a new option the list A07 – new field, “Outdoor Design Condition Source (See Section 150.0(h)2” A08 – new field, “Cooling Outdoor Design Temperature Selected (°F)” A09 – new field, “Heating Outdoor Design Temperature Selected (°F)” A10 – relocated (A07), “Calculated Dwelling Unit Sensible Cooling Load (Btu/h)” A11 – relocated (A08), “Calculated Dwelling Unit Heating Load (Btu/h)” A12 – relocated (A09), “Dwelling Unit Number of Bedrooms” A13 – relocated (A10), “calculated field:” Add a new Notes on the bottom of Table A Section C - C06 – revised field name, removed SEER - C07 – revised field name, removed EER

CF2R	
	Section F • F03 – revised field name, removed SEER • F04 – revised field name, removed EER and revised pseudo code Section I • I07 – revised field name, removed SEER • I08 – revised field name, removed EER Section J • J09- revised pseudo code • J12- revised pseudo code • J13- revised pseudo code Section M • revised the section’s name, replaced HERS with ECC • M04- revised pseudo code • M09- revised pseudo code Section N • revised the section’s name, replaced HERS with ECC • N03- revised pseudo code • N04- revised pseudo code Section O • O07 – revised the static text • Add new subsection “Cooling and Heating Equipment (Additional requirements)”, contained a new fields (O11, O12, O13, O14, O15) • O11, O12, O13, O14, O15, O16 – revised field numbers to O16, O17, O18, O19, O20, O21 • O22 – new field • O23 – new field Section P – New Section Q – New
CF2R-MCH-01b-E	Section A • A06 – revised pseudo code, add a new option the list • A07 – new field, “Outdoor Design Condition Source (See Section 150.0(h)2” • A08 – new field, “Cooling Outdoor Design Temperature Selected (°F)” • A09 – new field, “Heating Outdoor Design Temperature Selected (°F)” • A10 – relocated (A07), “Calculated Dwelling Unit Sensible Cooling Load (Btu/h)” • A11 – relocated (A08), “Calculated Dwelling Unit Heating Load (Btu/h)” • A12 – relocated (A09), “Dwelling Unit Number of Bedrooms” • A13 – relocated (A10), “calculated field:” • Add a new Notes on the bottom of Table A Section B • B09 – revised pseudo code, • replaced HERS with ECC in Logic Table static text Section C • C06 – revised pseudo code • C09 – revised field name, removed SEER • C10b – revised field name, removed EER Section E • E04 – revised field name, removed SEER • E04b – revised field name, removed EER Section F • F11 – revised pseudo code • F12 – revised pseudo code Section G • G11- revised pseudo code • G13- revised pseudo code • G14- revised pseudo code

CF2R	
	• G15- revised pseudo code Section J • revised the section’s name, replaced HERS with ECC • J04- revised pseudo code • J05- revised pseudo code • J08- revised pseudo code • J09- revised pseudo code Section K • revised the section’s name, replaced HERS with ECC • K03- revised pseudo code Section L • L07 – revised the static text • Add new subsection “Cooling and Heating Equipment (Additional requirements)”, contained a new fields (L11, L12, L13, L14, L15) • L11, L12, L13, L14, L15, L16 – revised field numbers to L16, L17, L18, L19, L20, L21 • L22 – new field • L23 – new field Section M – New Section N – New
CF2R-MCH-01c-E	Section A • A06 – revised pseudo code, add a new option the list • A07 – new field, “Outdoor Design Condition Source (See Section 150.0(h)2” • A08 – new field, “Cooling Outdoor Design Temperature Selected (°F)” • A09 – new field, “Heating Outdoor Design Temperature Selected (°F)” • A10 – relocated (A07), “Calculated Dwelling Unit Sensible Cooling Load (Btu/h)” • A11 – relocated (A08), “Calculated Dwelling Unit Heating Load (Btu/h)” • A12 – relocated (A09), “Dwelling Unit Number of Bedrooms” • A13 – relocated (A10), “calculated field:” • Add a new Notes on the bottom of Table A Section B • B07 – revised field name, removed SEER • B07b – revised field name, removed EER Section D • D06 – revised pseudo code Section E • E03 – revised pseudo code • E04 – revised field name, removed SEER • E04b – revised field name, removed EER and revised pseudo code Section H • H03 – revised pseudo code • H07 – revised pseudo code • H08 – revised field name, removed SEER • H08b – revised field name, removed EER and revised pseudo code Section I • I09- revised pseudo code • I11- revised pseudo code Section L • revised the section’s name, replaced HERS with ECC • L06- revised pseudo code • L07- revised pseudo code • L08- revised pseudo code Section M • revised the section’s name, replaced HERS with ECC Section N

CF2R	
	• N07 – revised the static text • Add new subsection “Cooling and Heating Equipment (Additional requirements)”, contained a new fields (N11, N12, N13, N14, N15) • N11, N12, N13, N14, N15, N16 – revised field numbers to N16, N17, N18, N19, N20, N21 • N22 – new field • N23 – new field Section O – New Section P – New
CF2R-MCH-01d-E	Section A • A06 – revised pseudo code, add a new option the list • A07 – new field, “Outdoor Design Condition Source (See Section 150.0(h)2” • A08 – new field, “Cooling Outdoor Design Temperature Selected (°F)” • A09 – new field, “Heating Outdoor Design Temperature Selected (°F)” • A10 – relocated (A07), “Calculated Dwelling Unit Sensible Cooling Load (Btu/h)” • A11 – relocated (A08), “Calculated Dwelling Unit Heating Load (Btu/h)” • A12 – relocated (A09), “Dwelling Unit Number of Bedrooms” • A13 – relocated (A10), “calculated field:” • Add a new Notes on the bottom of Table A Section C • C06 – revised field name, removed SEER • C07 – revised field name, removed EER Section E • E09 – revised pseudo code, • replaced HERS with ECC in Logic Table static text Section G • G03 – revised field name, removed SEER • G04 – revised field name, removed EER and revised pseudo code Section J • J07 – revised field name, removed SEER • J08 – revised field name, removed EER Section L • L09- revised pseudo code • L13- revised pseudo code • L14- revised pseudo code Section O • revised the section’s name, replaced HERS with ECC • O04- revised pseudo code • O05- revised pseudo code • O10- revised pseudo code Section P • revised the section’s name, replaced HERS with ECC • P04- revised pseudo code Section Q • Q07 – revised the static text • Add new subsection “Cooling and Heating Equipment (Additional requirements)”, contained a new fields (Q11, Q12, Q13, Q14, Q15) • Q11, Q12, Q13, Q14, Q15, Q16 – revised field numbers to Q16, Q17, Q18, Q19, Q20, Q21 • Q22 – new field • Q23 – new field Section S – New Section T – New
CF2R-MCH-02-E	No changes
CF2R-MCH-04-E	No changes
CF2R-MCH-20s-H	No Changes

CF2R	
CF2R-MCH-21-H	Section C • C01 – Added “duct” to static text Section D • D01 – added the reference “RA3.1.4.1.3”
CF2R-MCH-26-H	Section A • Top note - revised the static text, removed “SEER” and “EER” • A03a – revised pseudo code to remove EER/SEER value • A03 – removed “SEER” from field name; revised pseudo code • A04 – removed “EER” from field name; revised pseudo code • A06 – removed “HSPF” from field name; revised pseudo code Section D • revised section’s name to remove “SEER” • D01 – removed “SEER” from field name • D02 – removed “SEER” from field name; revised pseudo code • D03 – revised pseudo code to remove “SEER” Section E • revised section’s name to remove “EER” • E01 – removed “EER” from field name; revised pseudo code • E02 – removed “EER” from field name; revised pseudo code • E03 – revised pseudo code to remove “EER” Section G • revised section’s name to remove “HSPF” • G01 – removed “HSPF” from field name; revised pseudo code • G02 – removed “HSPF” from field name; revised pseudo code • G03 – revised pseudo code to remove “HSPF”
CF2R-MCH-27a-H	• Top note - revised the static text Section A • A08 – new field • A08 – revised field number to A09 • A09 – revised field number to A10 Section E (D2) • revised section number to E • revised section’s name to “HRV or ERV Serving Individual Dwelling Unit Information” Section F – new section Section G – new section Section H – new section Section I (E) • revised the section label to I Section J (F) • revised the section label to J • J01, J02, J03 and J04 – revised the static text • J05 – deleted • J06 – revised field numbers to J05; revised the static text • J07 – revised field numbers to J06; revised the static text • J08 – revised field numbers to J07; revised the static text • J09 – revised field numbers to J08 Section K (G) • revised the section label to K • revised bottom note • K01 - revised the static text • K02 – new field • K02 – revised field numbers to K03; revised the static text • K03 – revised field numbers to K04; revised the static text • K04 – revised field numbers to K05; revised the static text

CF2R	
CF2R-MCH-27d-E	Top note - revised the static text
CF2R-MCH-28-H	No changes
CF2R-MCH-29-H	Section B - B04 – revised pseudo code, replaced HERS with ECC Section C - C04 – revised pseudo code, replaced HERS with ECC Section D - D04 – revised pseudo code, replaced HERS with ECC
CF2R-MCH-30H	Top note – add (CFVCS)
CF2R-MCH-32-H	Section B - revised the static text in Table 150.0-E - revised the static text in Table 150.0-F Section C - C09 – revised pseudo code Section E: - Renamed Section letter from D2 to E Section F: - Renamed Section letter from E to F
CF2R-MCH-33-H	No changes
CF2R-MCH-34-E	Section B B07- revised the static text
CF2R-PLB-02-E	Form title – removed “ non-HERS ” from the form name Section A - A10 – revised pseudo code, replaced HERS with ECC Section A2 - A2.7 – revised pseudo code - A2.8 – revised pseudo code, replaced HERS with ECC Section F - revised the section’s name to “Mandatory Measures for Single Dwelling Systems. Removed all Domestic Hot Water Distribution - F03 – revised the some of the static text - F04 – revised the some of the static text F05 – new static text requirement Section G - revised the section’s name to “Compact Hot Water Distribution (RA4.4.6)”. Removed (CHWDS) Section H - revised the section’s name to “Central Parallel Piping Requirements (RA4.4.4)”. Removed (PP) - H04 – revised pseudo code Section K - revised the section’s name to “Recirculation Non-Demand Controls Requirements (RA4.4.8)”. Removed (R-ND) Section L - revised the section’s name to “Demand Recirculation; Manual Control (RA4.4.9)/Sensor Control Requirements (RA4.4.10)”. Removed (R-DRme) and (RDRse) - L03 – revised the static text
CF2R-PLB-03-E	Section B - B01 – revised the static text - B03 – revised the static text B04 – deleted - B05 – revised field number to B04 Section C - C01 – revised the static text

CF2R	
	• C02 – new static text requirement • C02 – revised field number to C03 and revised the static text • C03 – revised field numbers to C04 • C05 – revised field number to C04 and revised the static text Section D – New Section E – New
CF2R-PLB-22-E	Form title – removed “HERS” from the form title Section A • removed HERS from section’s name • A10 - revised pseudo code • A11 - revised pseudo code • A12 - revised pseudo code Section A2 • removed HERS from section’s name • A2.07– revised pseudo code • A2.08 – revised pseudo code • A2.09 – revised pseudo code Section B • removed HERS from section’s name. Section B2 • removed HERS from section’s name. Section C • removed HERS from section’s name. Section D • removed HERS from section’s name. Section F • revised the section’s name to “Mandatory Measures for Single Dwelling Systems. Removed all Domestic Hot Water Distribution • F03 – revised the some of the static text • F04 – revised the some of the static text • F05 – new static text requirement Section G • removed HERS from section’s name • G11 – revised pseudocode Section H • revised the section’s name to “Compact Hot Water Distribution (RA4.4.6)”. Removed {CHWDS} Section I • removed HERS from section’s name. • Added reference “RA3.6.9” to section’s name Section J • revised the section’s name to “Verified Pipe Insulation for Single Dwelling Systems (RA3.6.2)”, removed HERS • J01 - revised pseudo code, replaced HERS with ECC Section K • revised the section’s name to “Verified Central Parallel Piping Requirements (PP-H) (RA3.6.4), removed HERS • Top note - revised pseudo code Section L • revised the section’s name to “Central Parallel Piping Requirements (RA4.4.4), removed {PP} • Top note - revised pseudo code Section N • Top note - revised pseudo code

CF2R	
	• N04 - deleted Section O • revised the section's name to "Recirculation Non-Demand Controls Requirements (RA4.4.8)". Removed (R-ND) Section P • revised the section's name to "Demand Recirculation; Manual Control (RA4.4.9)/Sensor Control Requirements (RA4.4.10)". Removed (R-DRme) and (RDRse) • P03 – revised the static text Section Q • removed HERS from section's name • Top note - revised pseudo code • Q01 – revised pseudo code, replaced HERS with ECC
CF2R-PVB-01-E	Top not – added static text Section A • A05 – revised pseudo code; added "Limited Solar Access" to the user pick list Section B • B02 – revised field name • B03 – revised field name; revised pseudo code Section F • Limited Solar Access – revised the static text • Snow Load – revised the references in static text • 10-109(k) PV Requirement Determination – revised the static text Section H • revised the pseudo code
CF2R-PVB-02-E	Section B • revised section's name to "Design BESSs Information" • B01 – revised field name Section C • revised section's name to "Installed BESSs Information" • Added new bottom note • B03 – revised field name • B04 – revised field name • B07 – revised field name Section D • revised the pseudo code
CF2R-SRA-01-E	No changes
CF2R-SRA-02-E	No changes
CF2R-STH-02-E	No changes

CF3R	
CF3R-ENV-21-H	Section K revised the section's name to replaced HERS with ECC.
CF3R-ENV-22-H	Section N revised the section's name to replaced HERS with ECC.
CF3R-EXC-20-H	Section M revised the section's name, replaced HERS with ECC
CF3R-MCH-21-H	Section C - C01 – Added “duct” to static text Section D - D01 – added the reference “RA3.1.4.1.3” Section E - revised the section's name to replaced HERS with ECC.
CF2R-MCH-26-H	Section A - Top note- revised the static text – removed “SEER” and “EER” - A03a – revised pseudo code to remove EER/SEER value - A03 – removed “SEER” from field name; revised pseudo code - A04 – removed “EER” from field name; revised pseudo code - A06 – removed “HSPE” from field name; revised pseudo code Section B - B01 – revised field name “CF1R to CF2R” Section C - C01 – revised field name “CF1R to CF2R” Section D - revised section's name to remove “SEER” - D01 – removed “SEER” from field name - D02 – removed “SEER” from field name; revised pseudo code - D03 – revised pseudo code to remove “SEER” Section E - revised section's name to remove “EER” - E01 – removed “EER” from field name; revised pseudo code - E02 – removed “EER” from field name; revised pseudo code - E03 – revised pseudo code to remove “EER” Section G - revised section's name to remove “HSPF” - G01 – removed “HSPF” from field name; revised pseudo code - G02 – removed “HSPF” from field name; revised pseudo code - G03 – revised pseudo code to remove “HSPF” - Signature field – revised CF1R to CF2R Section K - revised the section's name to replaced HERS with ECC.
CF3R-MCH-28-H	Section F revised the section's name to replaced HERS with ECC.
CF3R-MCH-29-H	Section B - B04 – revised pseudo code, replaced HERS with ECC Section C - C04 – revised pseudo code, replaced HERS with ECC Section D - D04 – revised pseudo code, replaced HERS with ECC Section F - revised the section's name to replaced HERS with ECC
CF3R-MCH-30H	- Top note – add (CFVCS) Section B - revised the section's name to replaced HERS with ECC
CF3R-MCH-32-H	Top note - revised the static text

CF3R	
	Section B • B09 – revised pseudo code Section D • Renamed Section letter from C2 to D • D05 – revised pseudo code Section E • renamed Section letter from D2 to E • revised section's name, replaced HERS with ECC • E01 – revised pseudo code
CF3R-MCH-33-H	No changes
CF3R-PLB-22-H	Form name – removed “HERS” from the form title Section A • removed HERS from section's name • A10 – revised pseudo code • A11 – revised pseudo code • A12 – revised pseudo code Section A2 • removed HERS from section's name • A2.07– revised pseudo code • A2.08 – revised pseudo code • A2.09 – revised pseudo code Section B • removed HERS from section's name Section B2 • removed HERS from section's name Section C • removed HERS from section's name Section D • removed HERS from section's name Section F • revised the section's name to “Mandatory Measures for Single Dwelling Systems. Removed all Domestic Hot Water Distribution • F03 – revised the some of the static text • F04 – revised the some of the static text • F05 – new static text requirement Section G • removed HERS from section's name • G11 – revised pseudocode Section H • revised the section's name to “Compact Hot Water Distribution (RA4.4.6)”. Removed (CHWDS) Section I • removed HERS from section's name • Added reference “RA3.6.9” to section's name Section J • revised the section's name to “Verified Pipe Insulation for Single Dwelling Systems (RA3.6.2)”, removed HERS • J01 - revised pseudo code, replaced HERS with ECC Section K • revised the section's name to “Verified Central Parallel Piping Requirements (PP-H) (RA3.6.4), removed HERS • Top note - revised pseudo code Section L

CF3R

- revised the section's name to "**Central** Parallel Piping Requirements (RA4.4.4), removed (~~PP~~)
- Top note - revised pseudo code

Section N

- Top note - revised pseudo code
- **N04 - deleted**

Section O

- revised the section's name to "Recirculation Non-Demand Controls Requirements (RA4.4.8)". Removed (~~R-ND~~)
- Top note - revised pseudo code

Section P

- revised the section's name to "Demand Recirculation; Manual Control (RA4.4.9)/Sensor Control Requirements (RA4.4.10)". Removed (~~R-DRmc~~) and (~~RDRsc~~)
- Top note - revised pseudo code
- P03 – revised the static text

Section Q

- removed ~~HERS~~ from section's name
- Top note - revised pseudo code
- Q01 – revised pseudo code, replaced HERS with **ECC**

Section R

- revised the section's name to replaced HERS with **ECC**.
